

**ANNUAL FUNDING NOTICE
FOR
INGREDION PENSION PLAN**

Introduction

This notice includes important information about the funding status of your single-employer pension plan, *i.e.*, the Ingression Pension Plan (“the Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“the PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2017 and ending December 31, 2017 (“the Plan Year”).

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funding target attainment percentage.” The Plan divides its Net Plan Assets by Plan Liabilities to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below for the Ingression Pension Plan, without reflecting the “December 31, 2016 Plan Mergers” (as defined in your 2016 Annual Funding Notice). The chart also shows you how the percentage was calculated.

Funding Target Attainment Percentage			
	2017*	2016	2015
1. Valuation Date	January 1, 2017	January 1, 2016	January 1, 2015
2. Plan Assets			
a. Total Plan Assets	\$369,426,508	\$88,614,547	\$79,935,417
b. Funding Standard Carryover Balance	6,840,827	1,512,740	1,511,833
c. Prefunding Balance	157,743	0	0
d. Net Plan Assets (a) – (b) – (c) = (d)	\$362,427,938	\$87,101,807	\$78,423,584
3. Plan Liabilities	\$289,822,629	\$76,079,976	\$68,210,422
4. Funding Target Attainment Percentage (2d)/(3)	125.05%	114.48%	114.97%

* Effective December 31, 2016, the Ingression Incorporated Hourly Employees Retirement Income Plan, the National Starch LLC Pension Plan, the Penford Corporation Retirement Plan, and the Pension Plan for Hourly Rated Employees of Penford Products Co. at Cedar Rapids, Iowa merged into the Ingression Incorporated Cash Balance Plan for Salaried Employees, and collectively the plan was renamed the Ingression Pension Plan. The 2017 column in the table above shows the assets and liabilities of the combined plan. The 2016 and 2015 columns only show assets and liabilities for the Ingression Incorporated Cash Balance Plan for Salaried Employees. If you were a participant in one of the other plans before the merger, you can find that plan’s 2016 and 2015 assets and liabilities in your 2016 Annual Funding Notice.

Plan Assets and Credit Balances

The chart above shows certain “credit balances” called the Funding Standard Carryover Balance and Prefunding Balance. A plan might have a credit balance, for example, if in a prior year an employer contributed money to the plan above the minimum level required by law. Generally, an employer may credit the excess money toward the minimum level of contributions required by law that it must make in future years. Plans must subtract these credit balances from Total Plan Assets to calculate their Funding Target Attainment Percentage.

Plan Liabilities

Plan Liabilities in line 3 of the chart above is an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the Plan.

Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. As of December 31, 2017, the fair market value of the Plan’s assets was \$403,665,848. On this same date, the Plan’s liabilities, determined using market rates, were \$365,666,697.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the Valuation Date was 3,523. Of this number, 1,598 were current employees, 962 were retired and receiving benefits, and 963 were retired or no longer working for the employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is that the Company shall make such contributions to the Trust Fund as it shall determine from time to time as are required by law to maintain the Trust Fund. (Participants shall not be required to contribute to the Plan).

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is to invest the plan assets in a combination of equities, fixed-income, publicly traded real estate, and short-term investment instruments in such a way to meet its investment objectives developed for the Plan by the Company's Benefit Investment Committee. The assets in the Ingredient Pension Plan trust shall be managed in such a manner that will provide for a rate of return that is consistent with the objectives of the Plan and with available market opportunities. The Committee will make all investment allocation decisions. Appropriate asset diversification and quality will be prescribed, monitored and maintained by the Committee.

Under the investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
Stocks	26.19%
Investment grade debt instruments	70.06%
High-yield debt instruments	2.64%
Real estate	0.00%
Other	1.11%

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator.

Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where to Get More Information."

Summary of Rules Governing Termination of Single-Employer Plans

If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end a plan in a "standard termination" but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly for life or for a set period of time when you retire) or, if the plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC's guarantee ends upon the purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company and that company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state's law.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that the PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor's bankruptcy, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable in 2018, the maximum guarantee is \$5,420.45 per month, or \$65,045.40 per year, for a benefit paid to a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetimes. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on the PBGC's website, www.pbtc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which include:

- pension benefits at normal retirement age;
- most early retirement benefits;
- annuity benefits for survivors of plan participants; and
- disability benefits for a disability that occurred before the date the plan terminated or the date the sponsor entered bankruptcy, as applicable.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

For additional general information about the PBGC and the pension insurance program guarantees, go to the “General FAQs about PBGC” on PBGC’s website at www.pbgc.gov/generalfaqs. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See “Where to Get More Information About Your Plan,” below.

Where to Get More Information

For more information about this notice, you may contact Plan Administrator at:

*Ms. Colleen Houlihan
Director, Global Benefits and Executive Compensation
Ingredion Incorporated
5 Westbrook Corporate Center
Westchester, IL 60154
Telephone number: (708) 551-2688*

For identification purposes, the official plan number is 001 and the plan sponsor’s name and employer identification number or “EIN” are Ingredion Incorporated and 22-3514823.

This notice is intended to comply with the requirements of section 101(f) of ERISA. The disclosures provided in this notice are based on information available and believed to be accurate as of the date this notice is provided. All computations reflected in these disclosures have been performed based on a good faith interpretation of the applicable statutory and regulatory guidance in effect on the date this notice is provided. Such information and computations include, but are not limited to, the measurement of plan liabilities, reported values of plan assets, and allocation of assets. Actual results for the Plan Year may change, however, and will not be considered final until filed with the Department of Labor as part of the Annual Report (i.e., the Form 5500). Subsequently, such results will change only by amendment of the Annual Report for the plan year.

See the Right to Request a Copy of the Annual Report section for information about how to obtain a copy of the Annual Report. Ingredion Incorporated does not undertake any obligation to update or publicly release any revisions to this notice, and no such revisions will be issued to reflect any changes, including but not limited to: changes in the manner in which particular calculations are performed, changes in expectations, the adoption of plan amendments, or any other events or circumstances occurring after this notice is provided.
